Subject: Seminar at Port Macquarie

Just a short note to thank you for the excellent seminar.

Although we have, no intention of operating a motel the information we gained was invaluable starting point.

We are looking at Freehold Investments only - either hotel or motel, preferably already under management.

Your seminar gave us a huge insight into what we need be aware of from the point view of Lessees and a "behind the scenes" view of motel operations, which we may not otherwise have experienced.

Regards Brian & Judy Dickens

Thank you Megan, Judi and Rick for your hospitality and the opportunity to experience and look around your beautifully presented motel. We were very impressed with the seminar presentation and the venue.

Megan your professionalism, experience and expertise are amazing! You **almost** inspired us to take up the challenge of running a motel. Except that, we prefer the easy life. You have our admiration for your commitment in this industry.

Regards Judy & Brian Dickens
